

Permission to Transport Release Form

It is of utmost importance to us at Clay United Methodist Early Childhood Programs that your child is safe. If it is necessary for your child to be transported by another person, other than his or her parent, we must be notified in advance.

Please complete the information below and return to your child's caregiver or teacher the day on which another individual will be transporting your child. If the staff member does not know the individual, they will be asked to show a picture I.D. before your child will be released to them. Thank you for helping us keep your child safe!

***Please notify the front desk the day of transportation.**
